Cottage 4: The Toddlers' New Home

25 January 2017, Silang, Cavite – The toddlers in the Village have moved to a newly-renovated home. Their new home is Cottage 4. This cottage used to house the hyperactive children in the village. However, after the hyperactive group vacated the cottage and moved to Cottage 11, Cottage 4 has been vacant since as there were no available donors ready to fund the repair.

Fortunately, the Spouses of Heads of Mission (SHOM) and Dow Chemical Pacific Limited are always ready to help with funding for the children's needs. SHOM and Dow Chemical are two of CCV's longtime donors. SHOM is an organization of wives of Ambassadors and has been generously giving support to CCV's construction and

development projects. Similarly, Dow Chemical has long been benevolently supporting Chosen Children in its various projects in the village.

On the 25th of January, during the inaugural re-opening of Cottage 4, representatives of SHOM and Dow Chemical Pacific Limited were present for the ribbon-cutting and blessing of the facility. Some members of the CCV Board of Trustees were in attendance during the inauguration.

CCV is exceptionally grateful to SHOM and Dow Chemical for its constant support.
