Angels Crossing

Monthly Update From the Chosen Children Village

Project Genie Storytelling Project

As part of their project, "Project Genie: Dreams Into Reality, the Business Operations Management Society of De La Salle University - Dasmariñas conducted a virtual storytelling activity last June 6th. Thirty of the chosen children joined the activity and watched an inspiring story about Helen Keller. The event was recorded and broadcasted live through the BOMS Facebook page. You can watch it here: <https://bit.ly/bomsgenie>

Swimming Party for The Hyperactive Children

To beat the heat of the summer sun, the Hyperactive Boys of Cottage 8 took their turn at using the indoor therapy pool at Arantza Rehabilitation Center for an afternoon of carefree fun. Our physical therapist, Mama Jean, was present to help the caregivers supervise the boys.

Afterward, the children enjoyed snacks and ice cream courtesy of one of our child sponsors, Patricia Marie Deuda. Ms. Deuda sponsors one of the hyperactive boys, Joselito "Pajo" Matangga, through her small business - Papa Neil's Kitchen.

Baby Dappy Turns 1

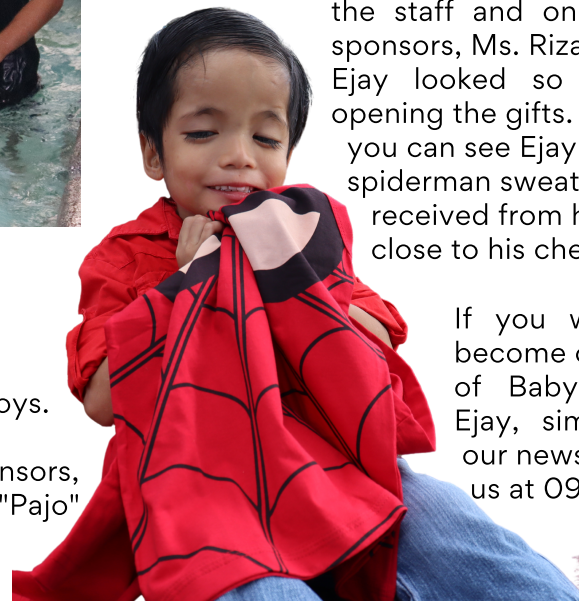

Kim Adelyn, one of the three infants in the village, celebrated her first birthday on June 4th. The staff prepared a simple feast for her, with cake, to mark this milestone.

Baby Dappy, as Kim Adelyn is fondly called, is the first "pandemic baby" admitted to the village. Her irresistible charm and sweet personality has endeared her to everyone.

Ten days after, Ejay celebrated his fifth birthday. Ejay enjoyed this day with gifts from

the staff and one of his new sponsors, Ms. Rizalyn Padolina. Ejay looked so happy while opening the gifts. In this photo, you can see Ejay hugging the spiderman sweatshirt he received from his sponsor close to his chest.

If you would like to become child sponsors of Baby Dappy and Ejay, simply reply to our newsletter or call us at 0919-999-8915.

Welcome, New Sponsors!

Angel's Crossing

A huge thanks to the following individuals and groups for their generous in-kind donations for the month of June 2021:

- Bro. Andre of Rogationist College
- JAE
- Glorie Sy
- Joseph Feeding Mission
- April Rose Amerol

Here's what the students have been up to at The School for Chosen Children this June 2021!

Joje is practicing her table setting skills at the dining room. She also learned different ways to fold table napkins.

Arthur loves gardening! He takes pride in doing his tasks properly, e.g. repotting and watering the plants in the garden and nursery.

Evelyn and Joenabie learn how to make flower arrangements. They picked the flowers around the village.

Sshhh! Diego is in the zone!

The toddlers decorated some canvas tote bags using their hands. These bags were sold to guests and other donors.

The toddlers also enjoyed making string art and their dance class this month. They also showed enthusiasm for "Green Day" activities, i.e. gardening.

Toilet training continues for all toddlers.

Pre-Vocational Class Update

The female students of the Pre-Vocational / Skills training were taught how to clean the gazebo area properly. This area is used daily by the toddlers so proper cleaning and disinfecting is needed. They also practiced their housekeeping skills by cleaning their own cottage. The girls also took their turn at jam making. The mango and pineapple jams they made were bought by staff and guests.

The male students continued with their gardening tasks. Their daily routine now includes repotting and watering plants, planting herbs, and raking dried leaves.

Art For A Cause 🎨

Support the education of the Chosen Children by making a donation in exchange of a painting. We currently have about a dozen paintings on exhibit at the CCV Arts & Crafts Wall at the Javier Nutrition Center. You can also view them online by clicking the button below:
