Monthly Update From the Chosen Children Village

Dave did it!

It all started with a dream that has now become a reality!

Our very own Dave Mendoza finished his Basic Cookery and Baking last March 31, 2022 at Atlas Culinary Arts School.

At a very young age, Dave already told Mama Bing, our resident Nutritionist, that he would like to be a chef when he grows up. And so he made those dreams into a reality. With hard work, patience and passion he slowly but consistently moves closer to his goal. He even tried experimenting with different ingredients to create new recipes.

"You made us all proud Dave! Your success will inspire your brothers and sisters who looks up to you! We will celebrate soon!" – Mommy Life Fullerton.

Curious how it's done?

Come, visit us for a day or two of immersion here at Chosen Children Village Foundation!

There's no other way to do it but actually doing it.

Parents of children with special needs got curious with how children here at Chosen Children Village Foundation, Inc. are raised. So they decided to see it for themselves.

They joined a Full 3 Days of Immersion Program to An Organized and Structured Daily Routine in our village. They saw first hand the approach and care that we lovingly provided for the children here.

They had baking sessions, study time, personal hygiene routine interactive play time and outdoor activities. Look how our children partnered with each child while the parents walked/supervised them behind.

The program was held last March 29, 30 and 31. Indeed it was heartwarming to see those interactions and joyful moments. But don't just take our word for it.

COME, VISIT US, you'll be glad you did!
