Monthly Update From the Chosen Children Village

Start...2...3!

As the new year begins, we at Chosen Children Village Foundation are filled with excitement and anticipation for what 2023 will bring. With the challenges and uncertainties of the past year behind us, we look forward to continuing our work to make a positive impact in our community and beyond.

As we begin this new year, we are committed to continuing our efforts to address the pressing issues facing not just of the foundation but as of our community as well. We know that there is much work to be done, and we are eager to roll up our sleeves and get to work.

We also recognize that we are constantly changing, and we must adapt to these changes in order to remain effective in our efforts. Whether it be new technologies, shifting social and political landscapes, or emerging trends and needs, we are committed to staying up-to-date and responsive to the ever-evolving needs of our communities.

We are also grateful for the continued support of our donors, sponsors, and partners. It is through their generosity and collaboration that we are able to carry out our important work, and we look forward to deepening these relationships in the year ahead.

As we embark on this new year, we are inspired by the strength and resilience of those around us, and we are committed to doing our part to make the world a better place. We look forward to the journey ahead, and we invite you to join us on this important mission. ***

It's a Circus kind of day!

Our Chosen Children were treated to a different kind of entertainment, a modern, one-ring circus displayed never before seen acts that awed both young and old audiences - The Super American Circus.

The Newport Performing Arts Theater, was transformed into an amazing circus arena that became the locale for the performances of the troupe.

Nearly two dozen artists — acrobats, aerialists, ballerinas, contortionists, jugglers, singers and dancers — performed unbelievable, daredevil stunts that were well-received by the crowd. Surprisingly, the Super American Circus is "animal-free," unlike other circus shows in the past that boasted elephants, tigers, lions, even seals in their entourage.

The children were able to have their pictures taken with the performers as well. Indeed, this is a once in a lifetime experience for them that they will forever cherish.

Our heartfelt thanks to Sir Ram Revilla also to Mam Anna and Mam Carol of Chinese Chamber of Commerce Philippines - Cavite for sponsoring the tickets and bus for the Chosen Children to watch Super American Circus. ***

New Year Thanksgiving Mass with Rev. Fr. Ritchie Fortich

BSMmersion

Immersion is a powerful tool for learning and building life skills. One of our partners -- The British School Manila recently concluded their MAD Week from Jan 17-19.

A group of students from the said institution stayed for three days and immersed themselves in the physical, recreational and educational sessions of the Chosen Children.

It was really a fulfilling activity not just for the Chosen Children but to the students of BSM as well.

See you again next year! ***
