Angels Crossing

Monthly Update From the Chosen Children Village

Alternative Learning System

"Not everyone fits into the traditional school model, the ALS (Alternative Learning System) provides another way for others to meet the diverse and often unique needs of Chosen Learners.

Last August 22, three of our Chosen students, pictured at the right, realized the culmination of their efforts, along with other Cavite schools ALS students as they marched and proudly received their diplomas as proof that they have completed and passed the requirements for HS-ALS. ***

Nino art work, 1st place

Charlie art work, 2nd place

MJ art work, 3rd place

Daisy Mae, art work Good behavior awardee

Cummins' Workshop

One of our Sponsor - Cummins, held a one day event workshop last September 29, 2022, Thursday at TSCC.

During the workshop, Cummins' sent their team to support the children in this activity.

They partnered with our Chosen Children from toddlers to highly functionals. The workshop was divided into 3 groups for coloring, painting and clay making activities. Ready to assist are our TSCC Teachers.

The activities revolved around Cummins' corporate culture such as Values, Diversity, Caring, Equity, Excellence and Inclusion.

The group dined with the children during lunch that afforded them more time to interact with them, while some of the young adults performed a song and dance number. ***

Friends Day Out

Angelo Bonifacio, one of the TSCC Community learners, invited four (4) CCV children to do different activities in their village.

The children invited were Daisy Mae, Charlie, Kim and Isabel. They visited Angelo's residence in Highgrove Village in Tagaytay City.

The village is very nice, clean, and peaceful. They were fetched by Angelo's mom, Minda Bonifacio.

It's a chance for the Chosen Children to interact outside the village. It also gives them the chance to apply what they've learned in the Village.

It was a fun filled day not just for the Chosen Children but for Angelo as well. ***

After School Program

Aside from a healthy mind, our Chosen Children also attend an After School Program to take care of their physical health.

They do warm ups prior to the actual reps. They also have a dance class that really brings out the energy of everyone.

Over all sensory coordination is being cultivated by their Arts class! ***
