

APRIL 2023

Angels Crossing

Monthly Update From the Chosen Children Village

Shine they did!

The Chosen to Shine Concert "We Believe" held last April 29, 2023 at the Chosen Children Village Foundation, Inc., grounds was a resounding success! Another achievement unlocked as the children deliver the concert performance of their lives. They showed everyone that talent goes beyond once ability.

Another brain child of Mommy Lita, the concert was put together thru the efforts of Teacher Len and the rest of the TSCC and CCVFI staff. They chalked in hours and hours of practice weeks before the show and nailed it that night.

This is just the beginning as we plan to include other groups to join on next year event. ***

He is Risen! Easter 2023

Thank you for sharing...

PDAO - Partner in Enabling the Disabled

The City of Carmona is one of the few cities in the country that has a comprehensive service for people with disabilities. Part of their services is their center-based and community-based rehabilitation program under the Persons with Disability Affairs Office (PDAO). Their local government does not stop creating more innovations for the disabled sector.

They conducted Lakbay-Aral, or benchmarking, in the village to see and know the facilities and project management for sheltering children with disabilities.

Thank you so much to the Local Government Unit of Carmona, especially the Persons with Disability Affairs Office - Carmona, for visiting and benchmarking the village. ***

Birthday Shout Out!!!
