Monthly Update From the Chosen Children Village

## Looking back at her roots.

In a tale that transcends time and distance, a heartwarming reunion unfolded at the Chosen Children Village Foundation, as a former resident, adopted in 2003, recently returned to reconnect with her long-lost "siblings." The Chosen Children Village Foundation, nestled in the embrace of love and care, has been a home for many children awaiting adoption. This reunion not only rekindled familial bonds but also highlighted the lasting impact of the foundation on the lives of those it touches.

In 2003, a young girl named Millie became part of a loving family from the USA. Over the years, Millie grew into a young woman, carrying with her the memories and the longing to reconnect with her roots.

Fast forward to the present day, and Millie, now a thriving individual, decided to embark on a journey back to the Chosen Children Village Foundation. The reunion was not just a personal journey but also a testament to the enduring bonds formed within the foundation's walls. As Millie stepped onto the familiar grounds, she was greeted by the caring staff who remembered her from her time as a resident.

The moment of moment has arrived, and emotions ran high, joy and shared laughter echoed through the halls of the foundation. The bond that had been temporarily severed in 2003 was now being rekindled, as if time had stood still.

This heartwarming moment serves as a powerful reminder of the lasting impact that organizations like the Chosen Children Village Foundation can have on the lives of the children they serve. The foundation not only provides a temporary home but also fosters connections that can endure across time and distance.

For Millie and the children at the village, this reunion marked the beginning of a new chapter. The foundation's commitment to maintaining connections even after adoption underscores the importance of family, whether biological or chosen. It is a testament to the foundation's dedication to creating a supportive environment for every child, leaving an indelible mark on their lives.

The story of Millie's visit at the Chosen Children Village Foundation exemplifies the enduring power of family bonds. Beyond the challenges of adoption and separation, the foundation played a crucial role in facilitating this heartwarming look back, showcasing the profound impact such organizations can have on the lives of the children they serve. This serves as a beacon of hope, reminding us all that love and family connections can withstand the test of time. \*\*\*

## Thanks Celebrants!

# BSMmersion

Immersion is a powerful tool for learning and building life skills. One of our partners -- The British School Manila recently concluded their MAD Week with an immersion activity from Jan 16-18.

A group of students from the said institution stayed for three days and immersed themselves in the physical, recreational and educational sessions of the Chosen Children.

It was really a fulfilling activity not just for the Chosen Children but to the students of BSM as well.

See you again next year! \*\*\*

# Thanks Donors
