Angels Crossing

Monthly Update From the Chosen Children Village

Igniting Safety

Conducting a Fire Safety Drill is paramount for any organization, especially one dedicated to differently abled children, particularly during the summer when fire risks escalate. Such drills ensure preparedness, equipping both staff and children with life-saving skills and protocols.

For differently abled individuals, who may require additional assistance during emergencies, these drills are even more crucial. Practicing evacuation procedures tailored to their needs enhances safety and minimizes panic in real-life situations.

Moreover, raising awareness about fire safety fosters a culture of vigilance and responsibility within the foundation. By prioritizing proactive measures, the organization demonstrates its commitment to the well-being of its members.

Ultimately, a Fire Safety Drill isn't just about compliance; it's about empowering individuals, protecting lives, and providing peace of mind, particularly in times of heightened risk. ***

Thank you for sharing...

Birthday Shout Out!!!

Making Waves

A Water Fun Day this summer holds immense significance for differently abled children, offering them an opportunity for inclusive recreation and holistic development.

Beyond mere enjoyment, such an event fosters social integration, boosts confidence, and promotes physical well-being. Water activities cater to various abilities, ensuring that every child can participate and feel included.

For many, it may be their first chance to experience the sheer joy of splashing in the water without limitations. Moreover, the therapeutic benefits of water play are well-documented, offering sensory stimulation and relaxation.

Organizing a Water Fun Day not only creates cherished memories but also advocates for accessibility and inclusion in recreational spaces. It's a reminder of the importance of ensuring that all children, regardless of ability, have equal opportunities to enjoy the simple pleasures of childhood. ***

Celebrating Triumphs

The School for Chosen Children Recognition Day celebrates the achievements and resilience of differently abled children under the care of the Chosen Children Village Foundation, Inc.

This special day honors their journey towards learning, growth, and empowerment. The School for Chosen Children (TSCC) serves as a beacon of inclusive education, providing tailored support and opportunities for children with diverse abilities. Through innovative teaching methods and a nurturing environment, TSCC fosters not only academic development but also personal and social growth.

Recognition Day is a time to acknowledge the unique strengths and talents of each child, as well as the dedication of teachers and caregivers who play a vital role in their success. It's a day of celebration, reflection, and gratitude, highlighting the importance of inclusive education in creating a more equitable and compassionate society.

Congratulations to the Teachers and Learners as well! ***
