Monthly Update From the Chosen Children Village

Immersive Experience

Immersive learning profoundly impacts understanding and insight into foundations dedicated to differently-abled children.

Chosen Children Village Foundation, Inc. hosts multiple groups that prefer to hold their immersion at the village. By engaging directly with such organizations, individuals gain firsthand experience of the challenges and triumphs faced by these children.

Immersion fosters empathy, enabling a deeper appreciation of their unique needs and strengths. It also highlights the critical role of tailored educational and support systems.

Observing and participating in daily activities provides invaluable perspectives on the innovative approaches and dedication required to empower differently-abled children. This enriched understanding can drive more effective advocacy, volunteerism, and support for these essential foundations. ***

"Good day!

I hope this message finds you well.

On behalf of our entire team, I would like to extend our heartfelt thanks to Chosen Children Village Foundation Inc. for the warm welcome and the opportunity to participate in the Immersion Activity. It was truly a remarkable and enriching experience for all of us.

We were deeply moved by the dedication and care shown by Ms. Fullerton and the rest of the CCV team. The time we spent with the children was significant and has left a lasting impression on us. We appreciate the effort put into making our visit so memorable and impactful.

Looking ahead, we sincerely hope to have the opportunity to spend more time with the children and continue supporting the wonderful work being done at Chosen Children Village Foundation Inc.

Once again, thank you for the warm hospitality and for allowing us to be a part of such a wonderful initiative. We look forward to future collaborations and visits."
