Monthly Update From the Chosen Children Village

Excitement in the Air

The children of Chosen Children Village Foundation, Inc. are eagerly preparing for their upcoming production of The Lion King.

With excitement in the air, the children are not only rehearsing their roles but also actively participating in crafting props and setting up the stage. Alongside the Mama's and Papa's of the village, they work as a team to bring the beloved story to life.

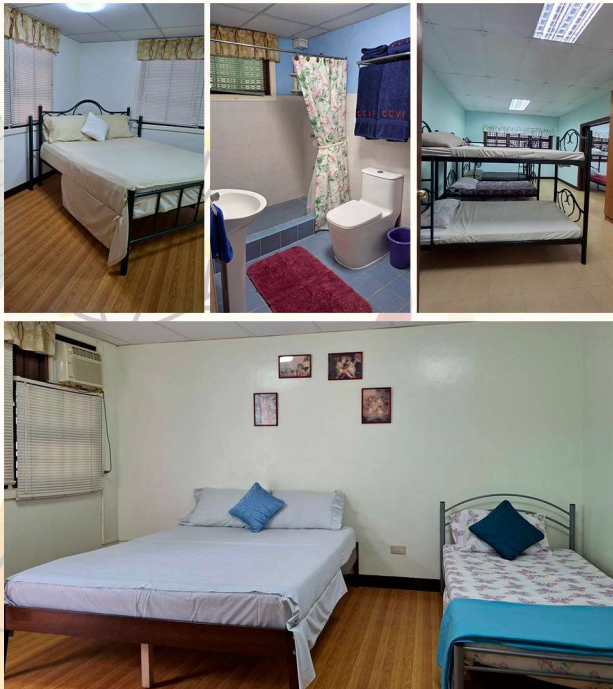

This collaborative effort fosters creativity and teamwork, as everyone pitches in to make the show a success. The production promises to be a memorable event, showcasing the talents and spirit of the Chosen Children Village. ***

Created With A Purpose

The group Created With A Purpose, led by Ms. Joe-ilyn Llamas, recently completed an inspiring immersion at Chosen Children Village.

During their visit, the group engaged with the children through interactive activities, spreading joy and connection. Their commitment extended beyond interaction, as they actively participated in maintaining cleanliness throughout the village, helping with various tasks to improve the overall environment.

The immersion was a heartwarming experience for both the group and the children, reflecting the values of compassion, service, and teamwork. The partnership between Created With A Purpose and Chosen Children Village made a positive and lasting impact. ***
